

It would be great to hear your thoughts about returning to regular face to face services at STK - thank you for your help. Please could you return your answers to the church office by June 21st.

Have you returned to a Sunday or Wednesday service at STK yet?

Wednesday Sunday

It would also be helpful to know what helped you feel ready to come back into church?
Or any reason why you haven't wanted to come back yet?

From September do you think you will prefer to join Sunday Services via livestream or attend church in person?

Would you find it helpful to have a service livestreamed each week?

Is there anything else you would like to share about our livestream services?

Do you think you will make use of the Zoom Coffee meetings?

Pre-lockdown we gathered on Sundays for 3 services:

9am	A more traditional service
10.30am	A contemporary service with children's church,
7pm	A more informal worship service

If you intend to come to a face-to-face service, which one would you probably choose?

Can you offer any reason for your preference: time suits me OR content/style OR other, please share...

As we think and pray about what things might look like in September – is there anything you'd like us to know? Is there anything you sense God showing you?
